NATIONAL SEMINAR ON
INDUSTRY 4.0:
EMERGING CHALLENGES,
OPPORTUNITIES AND THE WAY AHEAD

SUSPIRE-2023

13TH-14TH MAY, 2023

BRIEF DESCRIPTION

The 6th National Seminar (SUSPIRE) on “Industry 4.0: Emerging Challenges, Opportunities and the Way Ahead” is to visualize the role of the fourth industrial revolution. What challenges do manufacturing companies and other organizations face in keeping up with the Fourth Industrial Revolution? What brings and drives the change forward? This seminar will highlight characteristics, opportunities, and obstacles to implementing industry 4.0. In this seminar, we are inviting practicing managers, academicians, and researchers from all over India to come and shed some light on our evolving industry.

OBJECTIVES

- To assemble students, academicians, researchers, and professionals from various engineering and management fields, with multi-disciplinary interests and involved in Industry 4.0, to interact and exchange information on the latest developments.
- To build a platform for all involved members to share their knowledge, experience, and research observation on Industry 4.0.
- To study and discuss the challenges developed by various factors for Industry 4.0.
- It is important to engage and consider recent innovations, trends, and concerns in theory and practice.

KEY THEMES OF THE SEMINAR

Papers are invited on contemporary issues reflecting on the challenges and opportunities of the 4th industrial revolution - Industry 4.0 in the following areas of Management:

- Industry 4.0 - Strategy and Operations, Planning and Scheduling, Performance Management, Logistics and SCM, SME, and Support Systems.
- Internet of Things (IoT), Internet of Services, Cloud Computing, Industrial Big Data, Robotics and Automation, Chatbot, Metaverse, Virtual & Augmented Reality.

- Ecosystem & Infrastructure, Smart Manufacturing, Distributed Manufacturing.
- Green Finance, Public Finance, Predictive Analytics, Flexibility, and Agility.
- Cybercrime and cyber security, Copyright law, and Media Conglomerate.
- Problem of extended family system on academic performance.
- Applications in other Industries such as Eco & Rural Tourism, Healthcare, Education, Media, Retail, and Related Fields.
